

We'd like you to meet

*Craig Knell*  
DDS, MD

Dr. Knell is a perfect fit for Austin. When he's not playing with his two active dogs, Tillie and Tippy, he's running, swimming and cycling with the goal of finishing an Iron Man competition. He brings the same energy and determination to the practice of oral surgery. He earned his B.S. degree in Biomedical Science from Texas A&M University, his D.D.S. degree from Baylor College of Dentistry in Dallas and his Doctor of Medicine degree from Texas Tech University School of Medicine. Dr. Knell's focus is on bone grafting, dental implantology, oral pathology and orthognathic surgery.

He is currently practicing at our Cedar Park office, when he's not running the trails with a furry companion...
